

1. Meeting Notes

Due to the low attendance a formal meeting was not held. Peter Duncombe (President) distributed the following notes to the committee by email 29-03-2018.

Dear committee

many thanks to those who attended Mon nights scheduled meeting.

Alison & I would respectively request if your unable to attend then kindly provide at least 24hrs notice in writing (email). This in turn allows a meeting to be cancelled without having to attend due to quorum requirements.

We appreciate there will be times, family emergencies, health reasons etc where a last minute (on the night) notification will ensue.

- The night quickly covered the previous minutes and formulated the ride roster for the next few months.
- We have blocked out a period of time for Graeme to recover from his injuries, therefore the numbers for leaders are dwindling away.
- Ashley; can we now include you in the roster to lead a ride in the near future given your a committee member? I have added your name in just in case, should you agree then kindly adjust the roster accordingly.
- Given the availability over the Easter period, those who attended the meeting decided to not schedule a ride this long Easter w/e.
- Ron; could you confirm if the likes of Allan Fowler, Dave Skelly, Alex Shepherd etc could lead a ride in the future? I shall let you coordinate this aspect & update the roster accordingly.
- Note you all have rides within the future therefore please assist Alison by providing your rides to her by NLT 12noon on the Mon.
- Plenty Rd update was also sent out to our members yesterday
- **Shannon** has indicated his ongoing support & I will draft a letter in the near future for his sponsorship
- Most should have seen an update from Paul Bellis ref the SMREP
- **Next committee meeting is 28 MAY.**
